Nailsea Music Shop

Rental Scheme

01275 855021

The Nailsea Music Shop has provided an exceptional rental scheme for many years. We have been provided with increasing amount of compliments to its function & the customer service we provide. We have been providing this service for local customers and beyond with word spreading of the services we offer. Our goal is to assist students & parents in deciding on an appropriate instrument & providing a service which makes instruments affordable to all.

Our service allows for students or parents to rent out instruments before purchasing the instrument allowing time for the student to become comfortable with the instrument before purchasing. This can be a good way for a student to get a feel of the instrument before paying a lump sum for the instrument. For the more decided musician it can also provide an easy & cost effective way to spread the cost of the instrument.

The cost of hiring the instrument will vary depending on the instrument value itself (a set amount for the hire of the instrument is provided on the list shown below). Our rental scheme works with using quarters (3 month periods). You will need to pay the initial rental fee to hire the instrument & then after that period pay another rental fee if you would like to continue with the rental scheme. Once the two rental periods have been depleted the customer will then have the choice to purchase the instrument they currently possess by taking the two paid rental periods off the total price of the instrument. The customer could also use the money paid to purchase another instrument of a better grade or simply continue to rent the instrument with no further rental payments taken off the total price of the instrument once the customer decides to purchase.

You will need to provide us with either a credit or debit card & some form of identification such as a drivers licence or passport. A credit/debit card is needed both for security purposes & ease of payment on your second rental period if you choose to continue renting. Identification is required to ensure that we have your correct details stored on our systems & verification of who you are.

Instrument	Cost Per Quarter
Clarinet	£40.00
Cello	£45.00-£60.00 (depending on Size)
Drums	£90.00
Flute	£40.00
Saxophone	£90.00
